## HOMEOWNER'S ELECTRIC AFFIDAVIT

I, \_\_\_\_\_, understand that doing my own electrical installation in my personal residence is an exception to the Indiana Electrical Code, 2014 Edition, based on National Electrical Code, 2012 Edition, first printing, with Indiana Amendments.

To be granted this exception I, \_\_\_\_\_, understand that only I can secure and sign for this permit, install all electrical wiring myself without assistance. This installation is subject to all inspections of the local authority as prescribed in the Indiana Electrical Code, 2014 Edition, based on National Electrical Code, 2012 Edition, first printing, with Indiana Amendments, and that I will be the sole resident and owner of this structure located at \_\_\_\_\_ in the Town of Sellersburg.

I also agree that if I sell the residence, I am responsible for the electrical wiring installation just as a licensed electrician would be.

Signed \_\_\_\_\_ Date \_\_\_\_\_

Permit # \_\_\_\_\_ Receipt # \_\_\_\_\_
